Most tour engines are big and slow. Our fusion system is very fast and entertains the viewer during load as we preload media in the background. We show the viewer your brand and details.

Next the user will see the tour interface load and is provided with more details of the business such as maps with precise location. The interactive virtual media player is now ready to launch.

As the tour begins, the viewer can scroll through 360 panoramas & pictures etc..using the toolbar at the bottom or hot spots over the images. Buttons on the sides direct the viewer to other applications.

Our Tools Page is laid out so internet viewers can easily press a single button to contact you, print a brochure, share or bookmark the tour, send the tour to a social network site like Facebook, Twitter & Pinterest, download the tour to CD, desktop or even You Tube plus so much more !

Our Virtual Tours are fully interactive and are the world's most advanced, they can contain a variety of extra features including: HD photos, voice over, PDF information, on screen text, hot-spots, advanced floor plans and are viewable on all smart phones and tablets !

As a commitment of our service, we will email you comprehensive weekly statistics so you can monitor the increase in traffic to your website, we will also generate a QR Code for your tour and provide the necessary support, to easily attach the tour codes to your website !

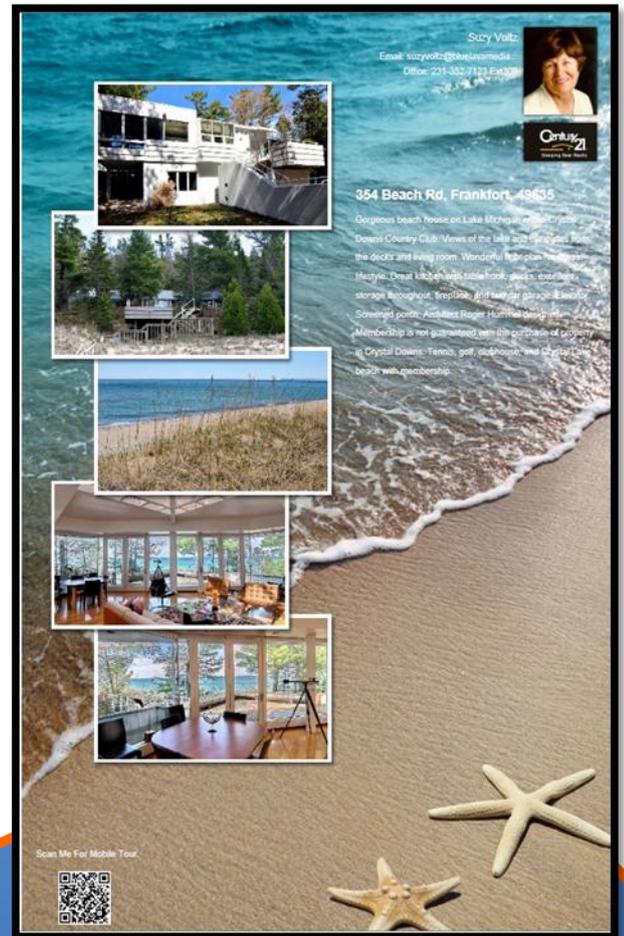

Superb Flyers!

You loved our flyers before and now Virtual itour Fusion gives you even more amazing, elegant looking printable flyers.

Our new flyers come with our Exposure Engine, have your QR Code and online virtual tour link added to make you look better than ever before!

DeepStats

Our DeepStats take Virtual Tour Traffic Reporting to the next level by providing you and your clients with more information than ever before. We now report on the number of times your virtual tour has been emailed, downloaded, shared on social sites, viewed on a mobile phone, sent to others, accessed via QR code, and all this is organized by day, month, quarter, and year! You will also be able to track the number of times various tools on the virtual tour are used such as the E-Flyer, Printable Brochure or Download tour.

Finally we're pleased to announce that you can now login to your Agent toolbox and have your hit reports go out to your clients from you, any day of the week. This valuable information is yours with the click of a mouse!
